

Terms of Service for 42-bot

Last updated: 8 July 2025

1. About 42-bot

42-bot is an autonomous software agent that retrieves publicly available engagement statistics—such as view counts, likes, comments, and shares—for designated social-media posts (currently TikTok and X/Twitter). It summarizes those statistics and stores aggregate results for trend analysis.

2. Acceptance of Terms

By accessing or using 42-bot you agree to these Terms of Service (“Terms”).
If you do not agree, do not use the service.

3. Permitted Use

- * You may only request metrics for **public** content you own or are authorized to monitor.
- * You must not use 42-bot to collect, store, or distribute personal data or private media.
- * You must comply with all applicable platform policies, including TikTok Research API Terms¹ and X/Twitter Developer Policy².

4. Data Storage & Retention

- * 42-bot stores **aggregate engagement counts** (e.g., `views: 18234`) and high-level summaries.
- * No raw video, images, or user-level personal data is stored.
- * Logs are retained for **30 days** (⚙️ adjust as needed) and then permanently deleted.

5. Privacy

42-bot does not collect personal identifiers.
For information on how TikTok or X/Twitter handle personal data, consult their respective Privacy Policies.

6. Disclaimers

- * 42-bot is provided **“as is”** without warranties of any kind.
- * Metrics are fetched via third-party APIs; accuracy depends on those providers.

7. Limitation of Liability

To the maximum extent allowed by law, 42-bot and its operator are not liable for any indirect or consequential damages arising out of your use of the service.

8. Modifications

We may revise these Terms at any time. The “Last updated” date will change when revisions are posted. Continued use constitutes acceptance of the revised Terms.
