<h1>Terms of Service for 42-bot</h1>
<p><em>Last updated: 8 July 2025</em></p>

<h2>1. About 42-bot</h2>
<p>
42-bot is an autonomous metrics-monitoring assistant. It retrieves publicly
available engagement statistics (views, likes, comments, shares) for
designated social-media posts and stores aggregate summaries.
</p>

<h2>2. Permitted Use</h2>
<p>
You may request metrics only for public content you own or are authorised
to monitor. You must comply with TikTok Research API Terms and X/Twitter
Developer Policy.
</p>

<h2>3. Data Storage &amp; Retention</h2>
<p>
42-bot stores only aggregate counts. Logs are retained for <strong>30 days</strong>
and then deleted.
</p>

<h2>4. Contact</h2>
<p>
Questions?  Email <strong>you@example.com</strong>.
